Congratulations and welcome to IUPUI!

You have accepted a position at one of the country’s premier urban universities. IUPUI uniquely combines the traditions, resources, and programs of two of the nation’s most respected universities—Indiana University and Purdue University. IUPUI is a great place to learn and a great place to work and has been recognized as a “family friendly” employer on the basis of our generous benefits package, child care, flexible work policies, paid time off, and family leave.

In addition to your pay, university-sponsored benefit plans are a significant part of Indiana University’s total compensation package. IU is committed to providing benefits that help protect your health and welfare, strengthen your financial well-being, and provide paid time away from work.

You will receive an email from a Benefits Specialist inviting you to attend benefit information session that will:
- provide a brief summary of each benefit plan
- emphasize important points such as enrollment deadlines and required documentation
- offer you an opportunity to ask questions for clarification or that relate to your individual situation
- allow you to make decisions to enroll online in your desired benefit plans

As a new employee, benefits enrollment is managed entirely online through Employee Self-Service. You will also receive an email from University Human Resource Services that will provide step-by-step instructions on how and when to enroll. Before attending a benefit information session or enrolling in the benefit plans you choose, you are encouraged to view the IU Benefits Video that will help you navigate the array of benefit plans Indiana University has to offer. Throughout the video, you can click on links to plan details located on the University Human Resources Web site.

OR

You may wish to go directly to the Web site at www.hr.iu.edu/benefits to learn more about the resources, services, and other benefits available to Indiana University employees.
